

SENIOR LIVING

The market for senior living facilities is expanding rapidly as baby boomers reach retirement age. Already, according to U.S. Census data, more than 15 percent of Pennsylvania's population is age 65 or older, ranking fourth in the country. By 2030, that percentage will increase to more than 25 percent.

As the senior population grows, the high demand for continuing care retirement communities (CCRCs) and long-term care facilities will increase. Pennsylvania is among the states with the highest number of CCRCs (life plan communities) in the country. Many of them are concentrated here in central and southeastern Pennsylvania, offering state-of-the-art facilities, pastoral settings, and easy access to cultural centers and countless self-enrichment activities. When it comes to retirement options, seniors truly have a friend in Pennsylvania.

Barley Snyder's Senior Living Industry Group provides our clients with the legal resources necessary to serve this special and growing population. The firm has pooled together its tremendous depth of experience in serving senior living communities, including real estate, mergers/acquisitions, financing, regulatory compliance/licensing, corporate governance, employment and other senior living matters.
